

SUPPLEMENT FACTS

Serving size: 1 Capsule Serving per container: 90

	Amount per capsule	%DV
Vitamin C (as ascorbic acid)	100mg	111%
Vitamin B6 (as pyridoxine HCl)	25mg	1471%
Pantothenic Acid (as d-calcium pantothenate)	50mg	1000%
L-Phenylalanine	300mg	*

*Daily value not established

Other Ingredients: Microcrystalline Cellulose, Magnesium Stearate, Silicon Dioxide.

SUGGESTED USE: As a dietary supplement, take one (1) capsule with each meal or as directed by a physician.

L-Phenylalanine can be converted in the brain and in the adrenal glands to the neurotransmitters dopamine, norepinephrine, and epinephrine (adrenaline) that are depleted by stress, overwork and certain drugs. By replenishing norepinephrine in the brain, mental energy levels are enhanced and a feeling of contentment often occurs. The conversion from L-Phenylalanine to norepinephrine is enhanced by co-factors vitamins B6 and C.

Diucaps provide a therapeutic dose of essential amino acid L-Phenylalanine which acts as a biological precursor to neurotransmitters dopamine and norepinephrine (NE), and helps support normal levels of gut hormones which control appetite and satiety. Studies have referred to L-Phenylalanine as a “potent releaser” of cholecystokinin (CCK), a hormone that can produce feelings of food satisfaction and fullness^{1,2}. The result is reduced desire for food and less food intake.

NATURAL APPETITE CONTROL

- ✓ **All Natural, Safe, and Effective**
- ✓ **Non-Addicting**
- ✓ **Non-Stimulant, Non-Controlled**
- ✓ **Can Be Used with Phentermine**
- ✓ **Safe For Kids & Teens**

MADE IN THE USA
